PREFACE

William Barton, Esq., has for many years been favorably known as an ardent numismatist, and the following pages describe the result of his labors. The collection is an excellent one, and contains several rarities as well as a desirable line of the regular coins of the United States. The gold coins and silver dollars of 1794, 1836, 1838, 1839, 1851, and 1852 are worthy the especial attention of collectors.

Every coin and medal is guaranteed genuine, and this holds good indefinitely.

Catalogues with what each lot sold for marked in ink will be sold after sale for 45c., and please remit this sum with order for same.

Collectors will oblige us by remembering that each lot is sold so much each coin, no matter how many are in the lot (the only exception to this rule is in the proof sets, where attention is directed to it).

Those bid letters received a week in advance of sale profit by having them examined by us before sale and reply sent the bidder, so that he may learn of any mistakes occurring (and they do occur at every sale). Send in your bids as soon as possible after you receive the catalogue.

We hope collectors will avail themselves of this opportunity to enrich their cabinets, as it is not very frequently that such a fine collection is dispersed.

The sale is made by order of the Executor of the Estate.

Should any one receive this catalogue who is not now interested in collecting they will confer a great favor on us by sending a postal to that effect, so that their name may be stricken from our list. Each catalogue costs us about $125 to print and distribute.

Very respectfully,

S. H. & H. CHAPMAN,

Numismatists. 1348 Pine street, Philadelphia.
